<p>00:00:32 — 00:00:48</p> <p>S1 Comencemos encontrando una posición cómoda sentada, ya sea cruzando las piernas o de rodillas con las caderas descansando sobre los talones. Tomen algunas respiraciones profundas, inhalando por la nariz y exhalando por la boca. Mientras inhalan, visualicen energía positiva fluyendo hacia su cuerpo, llenándolo de luz y vitalidad. Y al exhalar, liberen cualquier tensión o negatividad que puedan estar reteniendo.</p>	<p>00:00:32 — 00:00:48</p> <p>S1 Let's begin by finding a comfortable seated position, either cross-legged or on your knees with your hips resting on your heels. Take a few deep breaths, inhaling through your nose and exhaling through your mouth. As you inhale, visualize positive energy flowing into your body, filling you with light and vitality. And as you exhale, release any tension or negativity that you may be holding onto.</p>
